Company Profile

Consult KM International

is a London-based consultancy with global outreach.

Founded in 2021, we are a young organisation with a fresh outlook and a breadth of experience.

Who we are

Focused on the international development, humanitarian, and non-profit sectors, we offer tailored high-quality services in a variety of areas, helping you make an even greater impact.

Our consultants are senior-, mid-, and junior-level professionals and practitioners who possess extensive knowledge and experience working globally with a large range of international development organisations and donor agencies including the UN, development banks, institutes and think tanks, and national and international NGOs. Today, our pool of consultants comprises more than 65 consultants and contributors with different levels of seniority and diverse specialisations.

Our work

We are proud to have supported both large and small organisations in the international development, humanitarian, and non-profit sectors across the world.

From Washington, DC, Paris, Rome and Ankara, to Jakarta and Manila, we have helped to meet the needs of our clients and add value.

Knowledge Landscape Analysis for the Innovation and Knowledge Division of the UN World Food Programme

To increase knowledge sharing across the organisation and promote innovation, we worked with WFP INK to carry out an in-depth assessment across the UN network and beyond, evaluating the latest trends and developments in knowledge management. [Learn more](#)

Knowledge Management Strategy and Implementation Plan for Cowater International, INKLUSI Indonesia

To promote coordination and collaboration, synergy and learning across the INKLUSI Secretariat and its partners, our team analysed its existing systems, held stakeholder consultations, and developed a detailed KM Strategy and Implementation Plan. [Learn more](#)

Training and Mentoring in Programme Design and Proposal Writing for the Institute for War and Peace Reporting

As part of the Building Resilience in the Eastern Neighbourhood programme, representatives of 34 CSOs from Armenia, Georgia, Azerbaijan, and Moldova participated in a needs assessment, and tailored training and mentoring, designed and delivered by our team. [Learn more](#)

We are pleased with the quality of the deliverables and appreciate the effort that has gone into the work provided. The outputs delivered meet our expectations, and we are satisfied with the results. Thank you once again for your excellent work and collaboration."

Cowater International, INKLUSI Project

The consultants at Consult KM were result-driven, analytical, and creative. They were also flexible and reacted professionally to the frequent changes in direction caused by us, such as an extension of the scope, or changes in the methodology. We were provided with frequent updates on the progress and transparency of the methodology throughout.”

What we offer

Our services are **sector-specific, highly tailored, result-driven, and impact-oriented.**

Whether you are looking to draft a project proposal, edit or design a final report, develop a knowledge management strategy, capture and document stories - to win funds, present project results to donors, improve internal processes, showcase your impact, or for other purposes - our professionals are here to support.

We would love to hear about your needs and priorities, and to support you in achieving your goals.

Our services 1/2

Knowledge Management

How does your organisation capture, store, share, and use knowledge? Do your resources, practices, and tools underserve your needs? Have you encountered delays in project implementation due to difficulties in locating critical information? If you answered yes to any of the above, consider introducing or revising your KM framework. or programme.

Report Writing

Reports provide an accurate, structured, cohesive, and evidence-based documentation of project activities, results, and impact.

Whether you are preparing a project progress or final report for donors, a summary report or a brief, we are here to help.

Proposal Writing

Strong proposals win funds, so long as they offer a clear solution to a problem in a community, region, or country. Setting a clear goal, ensuring that your objectives are SMART, and outlining the activities which will lead to achieving this goal, are an important first step. Equally important is aligning the proposed solution with donor priorities and requirements.

Graphic Design

The look and feel matter. Add value to your publications with professional layout and design, and data visualisation.

From report covers, presentations and one-pagers to infographics and visual merchandise, we will make your products stand out. [Learn more](#)

Storytelling & Visuals

Storytelling is a powerful communication technique used to inspire and connect the audience with your organisation's mission, vision, and values. Whether you are looking to raise funds, advocate for a cause, showcase project impact, or spread the word to reach a wider audience, consider using stories and visuals. [Learn more](#)

Why work with us 1/2

1. Highly tailored approach

We do not offer a one-size-fits-all approach but provide highly customised solutions. We strive to understand the needs and priorities of our client and design a tailored approach to meet and exceed those needs.

3. Top-tier specialists

Each one of our consultants has been carefully selected based on their qualifications, years of relevant experience, and sector knowledge. They have undergone an onboarding process, and their references have been verified.

5. Worldwide coverage and 'around the clock' service delivery

Our teams are truly global, working from different corners of the world and time zones. Where possible, our local representatives or partners are on the ground to ensure better proximity and understanding of client needs.

2. Sector-specific expertise

Our services are specific to the international development, humanitarian, and non-profit sectors, and take into account regional and thematic specificities. Technical experts are invited to provide inputs where necessary.

4. Complementarity of skills, versatility, and diversity

What sets us apart is unique complementary and versatility of skills of our consultants. We like to pair them up to ensure that these different skills are utilised effectively to maximise the benefits for our clients.

6. Rigorous quality controls and data protection

We take quality controls seriously. All deliverables undergo internal reviews, and data is stored securely throughout the project. We are proudly ISO:9001 Quality Assurance certified.

Why work with us 2/2

7. Internal knowledge sharing culture

Our internal organisational culture encourages knowledge sharing, openness and transparency, teamwork and collaboration. Regular exchanges allow sharing of insights and ideas, and boost motivation.

9. Flexibility and adaptability

We guarantee availability of consultants over the specified project period with a degree of flexibility should timelines shift. We remain flexible to adapt to any changes of priorities throughout the project.

8. Lean management and oversight

We have adopted a lean management structure where consultants work independently under the guidance of a team leader, who is responsible for project quality and timeliness of deliverables.
